

Airport Advisory Commission Update

April 2000

The Airport Advisory Commission meeting was held on April 19. Items for discussion included, enforcement issues, monument signage, status of the Runway Widening Project, ABC building remodel, and US Customs activities. Old business included the discussion of the FBO Market Study which the final document became available for the public. The Commission had nine new aeronautical business permits for ratification, three of which were tabled for the next regular meeting. We also had a lease agreement recommendation for City Council for D'Atri's at Scottsdale Airport to lease the restaurant in the terminal building. The Commission took action on the recommendation for the sale of airport property to an adjacent property owner and disposition of the sale proceeds. The Commission adopted a new Airport Rule and Regulation change to Section 2-6 for aircraft parking at the airport. An unanimous vote was passed to recommend to City Council and the Planning Commission to revise the Airport Height Zoning Ordinance to prevent the installation of broadcast/transmission towers in certain locations in the Airpark.

May 2000 (Special Meeting)

The Airport Advisory Commission conducted a special meeting which was held on May 1. Items for discussion included a recommendation to City Council for approval of an Intergovernmental Agreement with the FAA and ADOT to accept grants to fund the Runway Widening Project. This included a recommendation to City Council to award the Runway Widening project to Nesbit Construction as the lowest responsive bidder. The commission voted unanimously to recommend to the City Council these items.

May 2000

Canceled

June 2000

The Airport Advisory Commission meeting was held on June 21. The Commission had four new aeronautical business permits for ratification, two of which were tabled for the next regular meeting. The commission took action and voted unanimously that unless an agreement between the two FBO's is reached by August 1st, staff must issue an invitation for bid for a FBO to be located on the ReyWest parcel. The Commission recommended to City Council and adopted two new Airport Minimum Operating Standards for both on and off rental car concession services.

Director's Report

Special points of interest:

- Runway Widening Project July 10th through August 6th
- New airport restaurant opening in September 2000
- Runway Incursion Alert

As we complete the spring season and enter the summer season we will have many exciting changes moving forward. The pilots using the Airport will see the biggest change, with the July runway widening/safety improvement project. Other than last September's Runway Overlay Project, this will be the first major runway project in nearly 15 years. Other improvements that will better serve the users and businesses, include the Aviation Business Center remodel scheduled for completion in August and the Terminal Building Remodel scheduled for completion in November. The recently completed signage around the Airport will also assist our visitors in finding their desired destination. There are two other projects that will provide enhanced safety/security at the Airport, the CCTV system and the ProxCARD entry system. The camera project should be completed in July and the ProxCARD system by mid-August.

I would like to welcome several new employees to the Airport Staff. Mr. David Wright has joined the Airport team as a part-time Airport Operations Technician. You will see David conducting safety inspections around the Airport during the afternoons and weekends. In addition, Ms. Jenny Bonafacio has come on-board as a Summer Intern. Jenny is currently attending Arizona State University - East Campus studying aviation management. She will be conducting several special projects during her internship. If you have an opportunity, please welcome these individuals to Scottsdale Airport. As always, if you have any suggestions or would like to discuss your areas of interest involving the Airport, please do not hesitate to contact a member of the Airport Staff or stop in the Administration Office in the Terminal Building.

Scott T. Gray
Airport Director

US Customs User Fee Service

US Customs User Fee service is located at the Aviation Business Center at 15041 North Airport Drive, Suite 105. Hours of operations are Thursday-Monday from 10:00AM-6:00PM and on a 24-hour on-call basis. As a reminder, you must have prior permission at least 30-days in advance from the US Customs

agent in order to land at Scottsdale Airport. The agent may, however, shorten the advance notice depending on each individual situation. Please contact Agent George Campos, at 480-312-8483 for more information. Additional information is available on our web site at www.ci.scottsdale.az.us/airport.

Current Events

Widening of Runway 03/21

We are on schedule to widen runway 03/21 at Scottsdale Airport. This project will include the widening of the runway by 25 feet, relocating all associated runway lighting, signage and visual approach aids. The Greenway taxilane and taxiway intersection A5 will also be reconstructed during this project.

The contract has been awarded and the construction schedule has been finalized. The runway will be closed on the following dates and times:

Dates:	Times:
July 10th to 16th (night closures)	7:00 PM-05:45 AM
July 17th to 31st (full closures)	24 hours a day, starting at 05:45 AM

July 31st to August 6th (night closures) 7:00 PM to 5:45 AM

Aircraft owners who plan to relocate their aircraft for the full closure window will need to depart the airport before 7:00 p.m. local on the 16th of July.

The airport and FBO management at Deer Valley and Falcon Field have both agreed to waive transient parking fees to Scottsdale Airport’s based aircraft during the runway closures. This agreement will be honored only if the aircraft owners purchase fuel at those airports during their stay.

I would like to thank all of Scottsdale Airport’s tenants and users in advance for their understanding and patience during this important project.

If you have any questions about this project, please call me during regular business hours at (480) 312-2674.

Scottsdale Airport Runway Widening Project (Runway Closure Chart)

Runway Incursion Alert

At approximately 09:00 a.m. on Thursday, May 25th, an unauthorized vehicle gained access to the airfield, proceeded to drive down the Alpha taxiway and then crossed the runway twice. The driver was eventually stopped by Airport Operations personnel and Scottsdale Police.

We found out later that the vehicle was stolen and the driver was under the influence of alcohol at the time of the incident. When asked how the

driver gained access to the airfield, he stated that he followed another vehicle through an access gate on the north side of the airport.

Please remember that airport rules and regulations state, “All vehicles, upon entering or exiting an airport access gate, shall wait for the gate to completely close behind them before proceeding to their destination so as to not allow the entry of an unauthorized vehicle”.

Operational Level

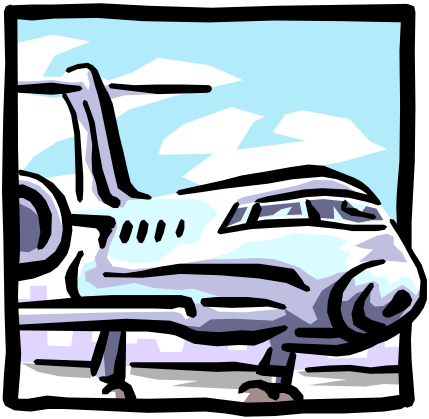

The following is a breakdown by user of the 95,260 operations this year through May:

Q 58,152 Itinerant

Q 37,108 Local

Of the total 95,260 operations to date, 17,447 were categorized as IFR operations.

	Itinerant	Local	Total
Mar	11,986	7,364	19,350
Apr	11,638	6,266	17,904
May	10,839	8,074	18,913

The following identifies the historic calendar year operational levels.

1992 – 197,577
1993 – 184,512
1994 – 166,738
1995 – 178,109
1996 – 183,108
1997 – 185,100
1998 – 208,464
1999 – 230,591

D’Atri’s Restaurant at the Airport

The Scottsdale City Council on May 1 approved a 10-year lease for the restaurant to Jan D’Atri who plans to open D’Atri’s at Scottsdale Airport this September in the airport terminal.

D’Atri is a familiar face to residents in Scottsdale as a television personality having been the spokesperson for Smitty’s and currently the host of “A Brighter Day” on KTVK Channel 3.

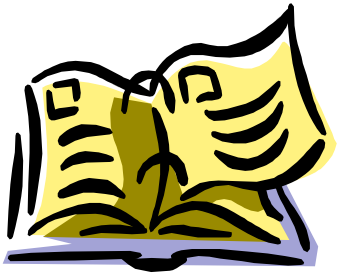

D’Atri’s at Scottsdale Airport will replace the Left Seat Restaurant, which operated at the

Airport from 1988 to 1999.

With the change of ownership, the restaurant premises will undergo major renovations to provide a “destination spot” with a warm and friendly atmosphere that will welcome both residents and visitors to the airport. The renovation efforts will include a variety of esthetic improvements as well as an improved outdoor seating area.
